

OCT 26TH 7PM SWIX SKI TUNNING CLINIC

Get the best performance from your skis!

Learn how to get the best performance from your skis. We are excited to have Mike Beers from Swix USA coming to Berger's to give a tuning clinic. Mike comes from an impressive background in ski tuning and racing. As a former service technician for the US ski team, Beers played a pivotal role in ensuring optimal performance during important events for the men's developmental team such as National and International FIS races, Norams, Europa Cup and Nationals. His technical experience and unwavering dedication were instrumental during pivotal training sessions at Copper Mountain, summer camps at Mammoth and Mt. Hood as well as various European training locations. Furthermore, Beers provided invaluable tech support and assistance during high profile events like FIS Beaver Creek Birds of Prey. He has also headed up Wintersteiger National Development Groups tuning program at Copper Mountain since 2019.
